Luncheons –

Our luncheons are three times per year and are mostly held at Springfield Country Club on Sproul Road, just off Route 1 in Delaware County, PA.

Luncheons include time before and after to socialize, a sit down lunch, and sometimes a program speaker including current Sunoco Executives, and other programs of interest to members.

It is really about the social opportunity to see old friends and co-workers. Membership gets you a \$10 Discount on all events.

Mail in your Application

We will send you an email to confirm membership and to put you on our mailing list for future events and for our newsletter.

Membership fee is \$15 per year

We will bill you via email with remittance information on how and when to pay.

DVSA

Delaware Valley
Sunoco Alumni

DVSA welcomes all prior and current employees of Sun Company, Sunoco, Sunoco Logistics, Braskem, the refineries, and ETP and its subsidiaries, affiliated and successor organizations. It is not just for retirees, but for anyone interested in sharing their work time at Sunoco. All are welcome !!!

*Former Business Associates
Extending Friendships*

Fellowship

Doing Good in the Community

Continued Giving to those in need

DVSA

The benefits of membership are many. Most of all there is the fellowship involved in keeping up with and occasionally meeting your former co-workers and friends from Sunoco at our three luncheon events each year.

We publish a newsletter, and have a formal web site for information about some events at Sunoco, and some specific information about benefits for retirees and alumni.

We are an organization of giving and you will see in the next columns some of the types of work we are involved in.

We work with the Sunoco volunteerism program to help with organizations like Philabundance, and we are tied in with the "Sunoco Cares" community involvement program.

Our web site includes lots of useful information, and has some new programs that will allow retirees to take advantage of the discount programs that Sunoco arranges with some of its key vendors, including heating oil, that could save you the cost of the membership easily.

Sunoco Benefits

We sponsor updates from Aetna as changes are made to the retirement benefits program. We help to keep an active dialogue with Aetna and our members about retiree benefits.

We also stay in touch with ETP and with Sunoco and Sunoco Logistics, and keep our members in touch with things in the new companies.

DVSA – Giving Opportunities

The DVSA organization contributes annually to several organizations with funds we raise through member donations.

Food Cupboard

Through the long established program of DVSA we have contributed each year to local food programs that feed the needy. Our program gives \$750 to several charitable groups each year whose mission includes feeding the hungry. We are very proud of this tradition of giving and have given over \$85,000 to local groups since our inception. We ask our membership to nominate groups in the community to organizations they want to support.

DVSA – Giving Opportunities

(continued)

Each December we reach out to contribute to two special local organizations, and donate funds that members donate to in our holiday fund raiser.

Ronald McDonald House

Children's Hospital at CHOP in Philadelphia.

Our donations to these organizations helps to funnel several smaller donations into one gift with no fundraising charges to these groups. All money collected by DVSA is given directly to our target organizations.
